PROFESSIONAL SUMMARY

Operations-first Social Media & Syndication Specialist with 3+ years of experience managing high-volume, multi-channel digital publishing engines (200+ assets/month across YouTube, LinkedIn, Instagram, and X). Dedicated to "Process over Personality": built to operate behind the scenes as the rigorous execution engine that makes founders, creative directors, and personal growth brands succeed. Obsessive about platform-specific formatting, aspect ratio rigor (9:16 vertical, 4:5 carousels, 16:9 video), character truncation limits, hashtag taxonomy, and 16-point technical quality control. Proven track record executing multi-format repurposing pipelines (converting YouTube scripts into structured canonical articles, top LinkedIn posts into Notion SOP resources, and Notion guides into high-dwell 45s Reels/Shorts scripts) with zero friction and 100% on-time delivery.
